CERTIFIED SCRUM PRODUCT OWNER® (CSPO)

WORKSHOP FACILITATED BY AGILE FOR ALL

Scrum Alliance®

Scrum Alliance CSPO CERTIFIED

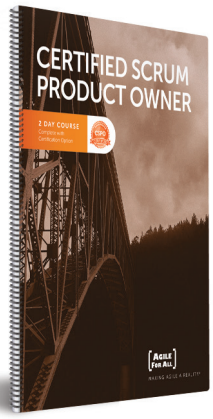
Learning Objectives

The Certified Scrum Product Owner® course provides an understanding of how Scrum works, but focuses extensively on mastering the role of the product owner in a Scrum team. Prioritization, themes, vision, roadmaps, estimation, backlog grooming and creating effective stories are all put into practice through a variety of exercises. Those who successfully complete this course will become a Scrum Alliance Certified Scrum Product Owner.®

By the end of the workshop you will be able to:

- Describe the Scrum framework to others
- Describe Scrum roles and responsibilities
- Use each artifact effectively
- Explain the differences between Scrum and other frameworks/processes
- Accurately compare Scrum Product Owner® role to traditional project roles
- Effectively use and maintain a product backlog
- Plan for a product portfolio
- Demonstrate the use of at least two different estimating techniques
- Plan for a product release
- Plan for a sprint

CSPO Training Includes



- ☑ Continental breakfast, lunch and beverages
- ☑ Two-year membership in the Scrum Alliance, **a $50 value**
- ☑ Bound copy of the course CSPO materials
- ☑ Access to free Scrum and Agile resourses

Other Advantages

High retention: Agile For All trainers use accelerated learning techniques like Training From The Back Of The Room to present the course material in brain-friendly ways that help you maximize learning and retention.

No boredom: Rather than death by PowerPoint and long lectures, Agile For All courses are designed to be highly interactive.

Fun: Every part of this course is designed to keep you engaged and having fun while learning the material.

Whys before hows: Beyond the basic Scrum framework, you'll learn the underlying principles and values that drive success before getting into successful practices, allowing you to understand the practices at a much deeper level.

Learn by doing: Multiple creative exercises and simulations give you the opportunity to practice core skills necessary to be a successful Certified Scrum Product Owner® — like requirements gathering, backlog grooming, prioritization and dealing with stakeholders.

Certification: Attendees desiring CSPO certification can become a Certified Scrum Product Owner® following completion of the course.

Group discounts: Agile For All offers discounts to groups of three or more so your Scrum team can learn together and achieve greater results. For groups of twelve or more, we often arrange private on-site courses to meet your specific needs and schedule. Contact us for more information.
